## MMR_0286 Dreibus, Jack

**Jack had an awesome layout in his basement. He authored an article for Model Railroad Craftsman Magazine and worked very hard and long to become Master Model Railroader #286.**

***Ginger Howard wrote this below dated 01/04/2009***

***Carla, I am so very sorry about Jack. He was a fine man. When Al was bedridden for six weeks. before passing away, Jack would call almost every day to see how he was doing. What a thoughtful thing to do. I always enjoyed talking to Jack, whether it be at Safeway, the Post Office, or on the phone when he would call for Al before and after his sickness. I know Al thought the world of Jack and SO envied his train layout in your basement.***

***They definitely had trains in common. And for quite awhile they both enjoyed being in the model railroad club. I always enjoyed the club Christmas potluck you held in your home for several years. I moved from Estes this past April. I have a new relationship and a new life in Wyoming, but I have thought of you and Jack so often. Carla, believe me, I know how hard this is for you right now and what you are going through. My thoughts are with you.***
